**EUROPEAN ELECTIONS**

**MAY 23rd 2019**

**Dear Resident,**

We represent the forgotten region. We want investment in our communities and business. No-one has paid proper attention to our part of the country, the nation's beating heart. Where is the investment for local services: buses, rail, decent roads and support for charities, elderly and mental health? We want people out of cars, but where is the investment for alternatives? The list goes on. It's time to claim our share!

A vote for us is a vote for our counties; for Lincolnshire, Derbyshire, Leicestershire, Nottinghamshire, Northamptonshire and Rutland. This area holds so many important manufacturing centres that have been allowed to be lost. Where is the investment for the smaller companies, the lifeblood of our country and the bedrock of our communities?

The debate over "stay" or "leave" is history. We believe in the democratic decision of the people, a clean exit. That is not going to happen if we just send in self-serving career politicians.

What can we achieve in the remaining time in the EU? We want our share of any funds that are available to us while we are still members of the European Union.

In the East Midlands people have voted in huge numbers for Independents, clearly making a stand. Go out and vote or nothing will ever change.

The Independent Network works with independents across the country including Ashfield, Mansfield. and Lincolnshire.
